## 31 STATES RATIFY VOTES FOR WOMEN

Arizona Falls in Line, But Maryland Prepares to Defeat Suffrage Amendment.

PHOENIX, Ariz., Feb. 13.—Arizona is in line with women on the suffrage question. Both branches of the legislature in special session ratified the suffrage amendment.

The vote makes the thirty-first State to accept the amendment enfranchising women.

RICHMOND, Va., Feb. 13.—Woman suffrage was defeated in Virginia yesterday when the house of delegates adopted by a vote of 62 to 22 the Leedy resolution rejecting the Susan B. Anthony amendment to the Federal Constitution. The State senate, by a vote of 24 to 10, had previously adopted the resolution which was offered by Col. Robert F. Leedy, of Luray.

The debate on the resolution in the house lasted less than two hours.

While the Anthony amendment has been rejected by Virginia, a bill for Presidential suffrage for women has been prepared and will be introduced in the general assembly by Senator Walter Mapp, of Accomack. Senator Mapp contends that this bill could be passed without any amendment to the State constitution. A bill referring the question of woman suffrage to the people is already pending in the State senate. Senator J. E. West, of Suffolk, is the patron of this measure.

ANNAPOLIS, Md., Feb. 13.—The suffrage amendment was unfavorably reported to the house yesterday, and the report was made a special order of business for next Tuesday.

The hearing was one of the liveliest held in the Statehouse in years, and the men and women who spoke against suffrage were interrupted time and again by bursts of applause. The suffragists and their speakers were also applauded, but the greater number of anti-suffragists. After the hearing the gathering broke up into a number of smaller debates, in which men and women took heated sides.

Strong opposition to the ratification of the suffrage amendment has developed in New Mexico, according to Alice Paul, chairman of the National Woman's Party, and is threatening the enfranchisement of women in time for the fall election.

"Our poll of the New Mexico legislature," Miss Paul stated, "shows a majority in both houses, and a month ago the State seemed very hopeful. In the last two weeks, however, the opponents of the measure have been very active. The Democratic State chairman of New Mexico, now in Washington, states that the Democrats are prepared to give all but three of their votes. This means that if the measure is defeated it will be due to lack of support from the Republicans."

## LEAGUE OF WOMEN IS OPPOSED BY HAYS

Menace, He Says of the Plan That Would Keep Them Out of Political Parties.

ST. LOUIS, Feb. 13.—Eulogizing Abraham Lincoln, Will H. Hays, chairman of the Republican Committee, pleaded for "Patriotism in peace" at the banquet of young Republicans of Missouri here last night.

"I am against the league of women voters," declared Mr. Hays. "The plan of a citizenship school is splendid and its purpose in that direction is fine. So far as the league keeps women out of political parties that function in the government of the country, it is a menace."

"I do hope the league is not allowed to keep the women from taking a definite stand in politics. You made this fight for suffrage for the purpose of getting sex out of politics, but if you insist on this self-imposed limitation you fall to accomplish your purpose."

## NEW HAVEN NEWSPAPERS CRIPPLED BY WALKOUT

No News or Advertisements Printed Following Strike of Union Printers.

NEW HAVEN, Conn., Feb. 13.—No news or advertisements were printed in the three New Haven newspapers yesterday. The Register went to press with four pages, three of them blank and the front page bearing this notice:

"Owing to the violation by the typographical union of its contract with the New Haven newspapers and refusal to work on all the papers as ordered by its international officers the four New Haven newspapers announce their temporary suspension today."

The other papers are the Times-Leader, Union and Journal-Courier. The latter's edition was similar to that of the Register, with a like notice to its readers, while the Union used only a single sheet for the notice.

There was no issue of the New Haven Journal-Courier today. It ran a four-page edition with an announcement similar to that in the Register on the first page and the other pages blank.

## VOTE PUBLICISTS TO MEET.

Detailed plans for the campaign to secure the ballot for Washington will be discussed by the advisory council of the national press committee for District of Columbia, suffrage when it holds its luncheon at the Hotel Willard today.

Most of the large commercial, civil and religious organizations of the city are represented on the committee which will determine the policy of the national press committee which is doing the field work.

## SEIZURE OF WEALTH IS URGED BY PLUMB

Author of Rail Plan Claims Conscript Only Solution of Inflation.

Conscription of wealth is Glenn E. Plumb's solution of the credit inflation problem in the United States.

A capital levy upon property, already effected in Germany, and about to become part of the post-war taxation finance in Great Britain, may become necessary in this country, declares the head of the league which would nationalize the railroads.

The rich must bear the brunt of taxation, he says. Inasmuch as 2 per cent of the population own 60 per cent of the wealth, 33 per cent of the people own 35 per cent of the wealth, and 65 per cent of the population owns only the remaining 5 per cent, it is proposed to "meet this liability by a tax on industry, distributing the liability to each man in accordance with his purchasing power."

Mr. Plumb addressed the All-American Farmer-Labor Co-operative Conference in Chicago yesterday. He made specific charges that the Federal Reserve banks were conniving at an abuse of national credit. He stated that under a recent Treasury ruling Federal Reserve banks might carry Liberty Bonds as assets at the price paid when purchased.

He said that many capitalists subscribed for bonds at par, but had never paid for them. The holders had deposited the bonds with their notes for discount, and Federal Reserve credits had been issued against these credits, he said.

Mr. Plumb declared that the retirement of all Federal Reserve notes against these obligations would deflate the national currency by a billion and a half.

## ADVERTISEMENT Hair Often Ruined By Careless Washing

Soap should be used very carefully. If you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulford's coconut oil shampoo (which is pure and greasiness), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulford's coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

## Catarrh Will Go Help Comes in Two Minutes.

Complete Relief in a Few Weeks

Don't go on hawking yourself sick every morning; it's cruel, it's harmful and it's unnecessary.

If after breathing Hyomel, the wonder-worker, you are not rid of vile catarrh you can have your money back.

No stomach dosing—just take the little hard rubber pocket inhaler that comes with each outfit, and pour into it a few drops of Hyomel. Breathe it according to directions. Breathing Hyomel is a very pleasant and certain way to kill catarrh germs, and to clear the nasal passages. It is sold by druggists everywhere with guarantee to quickly and safely end catarrh, croup, coughed, cold, sore throat and bronchitis or money back; it's inexpensive. ## TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried poppin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bismuthated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bismuthated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acids in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn, indigestion, and a heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bismuthated magnesia immediately after a meal, you can reclaim any pain and enjoy it without any danger of any kind or discomfort to follow and moreover, the continued use of the bismuthated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.
